## The Price of the Morning Sun Has Been Reduced to One Cent

Ten days ago I bought THE SUN. Since taking it over I have amalgamated my newspaper, THE NEW YORK PRESS, with it, reduced the price to one cent and have already more than doubled its circulation. A result like this is no accident. The reason for it is The Sun has the goods—gives the people what they want, and gives it to them at a right price.

A revitalized, reinvigorated, reinspirited newspaper—that's The Sun—a newspaper of punch and pep and finish—that's The Sun—a newspaper condensed enough to be read; big enough to cover the world—that's The Sun—a newspaper of fact and fancy, humor and sunshine—that's The Sun—a newspaper of purpose and conviction—that's The Sun.

Frank Johnson, 23, Woodstock Fireman, May Have Infantile Paralysis—Putnam Savings Bank May Soon Reopen in Full—Deputy Sheriff L. H. Healy Fails to Heed Traffic Rules and is Fined \$1—John Riordan Dead.

There were no developments Monday relative to the agitation over Sunday baseball. When nothing occurred to prevent Sunday's game, after all of the talk of the past week, it was thought by many that action would follow on Monday, but Monday passed as quietly as did Sunday.

In an interview Monday, Rev. George E. Stone, who circulated one of the petitions against Sunday baseball, indicated that his work was done and he now seemed to be up to the officers to enforce the law. Rev. Mr. Stone has been a resident of this city only a few weeks. Of those who have opposed Sunday baseball, he is the only one who has given out any statement concerning the movement. It has come to be understood that the four other men who circulated petitions would be attendant upon the publication of their names, this information not coming directly, however.

What the week will bring forth as to the great question of the hour no one knows or will tell, for the wires are down between those who would publish the news and those who could give it.

WILSON'S NOTIFICATION AFTER CONGRESS ADJOURNS

Politics After Business, is President's Reason for Postponement.

Washington, July 17.—President Wilson decided late today to change the tentative plans for holding the notification ceremonies August 6, because he desired to postpone them until after the adjournment of congress.

The decision was announced by Vance McCormick, chairman of the Democratic national committee, who issued this statement after a conference with the president:

"I found the president embarrassed by the thought that the child labor bill and the workman's compensation bill be passed at this session, but the president feels it to be his duty to postpone the notification ceremony if possible until the adjournment of congress."

Mr. McCormick also announced that the notification would be at Shadow Lawn the president's summer home in New Jersey. He said Mr. Wilson wished to dispose entirely of the business before congress before throwing himself wholly into the political situation.
